Press Release

INTRED: DATA CENTRE - CONTRACTUAL DEADLINES EXPIRED, COMMITMENT TO THE PROJECT CONFIRMED

Brescia, 2 July 2026 – Intred S.p.A. ("**Intred**" or the "**Company**"), a telecommunications operator listed since July 2018 on the Euronext Growth Milan market of Borsa Italiana (symbol: ITD.MI), further to the press release issued on 17 September 2024 concerning the agreement for the purchase of a building plot located in the Municipality of Brescia intended for the construction of a Data Centre, announces that the deadlines set for the fulfilment of the conditions precedent required for the signing of the final purchase and sale agreement have expired.

As at today's date, in fact, not all the authorisation and administrative procedures required for the construction and subsequent commissioning of the infrastructure under the applicable legislation have yet been completed.

The expiry of the above-mentioned deadlines entails the termination of the reciprocal rights and obligations arising from the agreements signed between the parties, without this giving rise to any liability or charges for them.

The Company nevertheless wishes to point out that this circumstance is attributable solely to the failure to complete the authorisation process within the expected timeframe and does not affect the industrial and strategic interest of the project, although it entails a natural delay in the implementation timeline. The Company in fact confirms its intention to build the Data Centre, which it considers a significant asset for strengthening the digital infrastructure supporting its growth and development plans.

In this context, the Company is continuing its dialogue and discussions with the competent authorities and the parties involved, in order to assess the possible conditions for continuing the initiative and enabling its future implementation.

In this regard, as already anticipated in the press release of 26 March 2026, on the basis of the information available, the Company does not expect significant impacts on revenue and on the prospective operating profitability defined in the strategic plan approved in September 2024, confirming the strategic value of the initiative in the medium to long term. In this context, also in light of the uplisting process to the Euronext Milan regulated market and the transition to international accounting standards, the Company plans to update its Business Plan, which will be communicated to the market upon approval of the 2026 half-yearly financial report.
