H/A	M	Service activation time (Annex 4 to Resolution no. 156/23/CONS)	Report a): orders whose fulfilment does not require technical work in the field	All fixed-location communication services	Average supply time for orders completed in the data collection period	days	**16**
					95th percentile of supply time for orders completed in the data collection period	days	**31**
					99th percentile of supply time for orders completed in the data collection period	days	**34**
					Percentage of valid orders completed by the date agreed with the customer, where applicable	%	**99.10%**
					Percentage of valid orders completed within the maximum time limit provided for in the contract	%	**99.10%**
					Number of contracts completed		**226**
			Report b): orders whose fulfilment requires technical work in the field	All fixed-location communication services	Average supply time for orders completed in the data collection period	days	**27**
					95th percentile of supply time for orders completed in the data collection period	days	**91**
					99th percentile of supply time for orders completed in the data collection period	days	**120**
					Percentage of valid orders completed by the date agreed with the customer, where applicable	%	**86.90%**
					Percentage of valid orders completed within the maximum time limit provided for in the contract	%	**86.90%**
					Number of contracts completed		**4,655**
				All fixed-location communication services	*Number of contracts completed that were acquired through teleselling via call centres registered with the ROC*		
					Number of contracts completed not acquired through call centres		
H/A	M	Fault rate (Annex 5 to Resolution no. 156/23/CONS)		All fixed-location communication services	Ratio between the number of fault reports, corresponding to service outage or degradation, relating to the voice service and/or Internet access, and the average number of access lines	%	**8.30%**
			Report a): services provided	All fixed-location communication	Average time to repair faults	hours	**25**

H/A	M	Fault repair time (Annex 6 to Resolution no. 156/23/CONS)	via own infrastructure	services	80th percentile of the time to repair faults	hours	**54**
					95th percentile of the time to repair faults	hours	**88**
					Percentage of fault repairs completed within the maximum time provided for in the contract	%	**86.00%**
			Report b): services provided using another operator's wholesale network services	All fixed-location communication services	Average time to repair faults	hours	**34**
					80th percentile of the time to repair faults	hours	**85**
					95th percentile of the time to repair faults	hours	**140**
					Percentage of fault repairs completed within the maximum time provided for in the contract	%	**77.30%**
H/A	M(1)	Call failure probability (Annex 7 to Resolution no. 156/23/CONS)		Publicly available interpersonal communications services	Percentage of unsuccessful calls with reference to national calls	%	
H/A	M(1)	Call set-up time (Annex 8 to Resolution no. 156/23/CONS)		Publicly available interpersonal communications services	Average call set-up time for national calls	seconds	
					95th percentile of call set-up time for national calls	seconds	

LEGEND

Per. = Periodicity of data collection
H/A = Half-yearly and annual
A = Annual

Req. = Whether the indicator is mandatory
M = Mandatory
O = Optional

NOTE

(1) Mandatory status suspended until completion of the assessments referred to in Article 12, paragraph 8 of the regulation
