***

1. Approval of the financial statements for the year ended 31 December 2024 and allocation of the related result for the year. Related and consequent resolutions

1.1. Approval of the financial statements for the year ended 31 December 2024

Dear Shareholders,

with reference to the first item on the agenda, you have been called to the Shareholders' Meeting, in Ordinary session, to approve the financial statements for the financial year ended 31 December 2024, approved by the Board of Directors on 25 March 2025, which show a profit of Euro 6,889,934.

For all information and detailed comments, please refer to the directors' report, made available to the public, together with the financial statements, the report of the Board of Statutory Auditors and of the Independent Auditors, at the registered office, as well as on the Company's website, within the terms provided for by the regulations in force.

* * *

In light of the above, the Board of Directors therefore submits for your approval the following:

*– **PROPOSED RESOLUTION** –*

"*The Ordinary Shareholders' Meeting of Intred S.p.A.,*

- having heard the Chairman's presentation,

- having examined the draft financial statements for the year ended 31 December 2024 and the directors' report;

- having taken note of the reports of the Board of Statutory Auditors and of the Independent Auditors;

- having taken note of the explanatory report of the Board of Directors and of the proposals therein,

resolves

- *to approve the financial statements for the year ended 31 December 2024, consisting of the balance sheet, income statement, cash flow statement and explanatory notes and accompanied by the directors' report, taking note of the reports of the Board of Statutory Auditors and of the Independent Auditors as well as of the related accompanying documentation".*

1.2. Allocation of the result for the year; related and consequent resolutions

Dear Shareholders,

with reference to the first item on the agenda, you have been called to the Shareholders' Meeting, in Ordinary session, to approve the proposal of the Board of Directors concerning the allocation of the profit for the year, as set out in the report of the Board of Directors on operations.

The financial year ended 31 December 2024 closed with a profit for the year of Euro 6,889,934, which we propose that you allocate as follows:

- Euro 1,590,940 to the distribution of a dividend of Euro 0.10 per share, gross of the withholding taxes required by law, with detachment date, in accordance with the 2025 Euronext Growth Milan calendar, on 12 May 2025, date of entitlement to receive the dividend on 13 May 2025 and dividend payment date on 14 May 2025;

- the remaining part, equal to Euro 5,298,994, to the extraordinary reserve;

For further information, please refer to the financial statements for the year ended 31 December 2024 as well as to the report of the Board of Directors on operations.

* * *

In light of the above, the Board of Directors therefore submits for your approval the following:

*– **PROPOSED RESOLUTION** –*

"*The Ordinary Shareholders' Meeting of Intred S.p.A.,*

- having heard the Chairman's presentation,

- having seen the results for the year ended 31 December 2024;

- having taken note of the directors' report;

- having taken note of the explanatory report of the Board of Directors and of the proposals therein,

resolves

- *to allocate the net profit for the 2024 financial year, equal to Euro 6,889,934, as follows:*

    - *Euro 1,590,940 to the distribution of a dividend of Euro 0.10 per share, gross of the withholding taxes required by law, with detachment date, in accordance with the 2025 Euronext Growth Milan calendar, on 12 May 2025, date of entitlement to receive the dividend on 13 May 2025 and dividend payment date on 14 May 2025;*

    - *the remaining part, equal to Euro 5,298,994, to the extraordinary reserve;*

- *to grant each member of the Board of Directors pro tempore in office, severally and with the power to sub-delegate to third parties, including those outside the Board, a mandate to carry out all the communication, filing and publication formalities and obligations relating to the above resolutions, pursuant to the applicable regulations.*"

2. **Appointment of the Board of Statutory Auditors**

Dear Shareholders,

with reference to the third item on the agenda, we remind you that – upon approval of the financial statements for the year ended 31 December 2024 – the term of office of the Board of Statutory Auditors granted for a three-year period by the ordinary Shareholders' Meeting held on 28 April 2022 will expire.

It is therefore necessary to appoint the Board of Statutory Auditors, in accordance with the procedure laid down in Article 21 of the Issuer's Articles of Association as well as with the other applicable legal and regulatory provisions. You are also reminded that the Company's Board of Statutory Auditors consists of three standing members and two alternate members and remains in office for three financial years, that is, until the date of approval of the financial statements as at 31 December 2027, and that, pursuant to Article 21.2 of the Articles of Association, upon the appointment the Company's Shareholders' Meeting must determine the remuneration to be paid to the statutory auditors.

The Board of Directors therefore invites you to make the resolutions within your competence for the appointment of the Board of Statutory Auditors.

2.1. Appointment of the members

Pursuant to Article 21.6 of the Articles of Association, the members of the Board of Statutory Auditors are appointed by slate voting, in the manner indicated in the Articles of Association, to which reference is made. Slates may be submitted by holders of Shares who, at the time the slate is submitted, hold, individually or jointly, an interest equal to at least 5% of the share capital.

The slates, duly signed, may contain a maximum number of candidates equal to the number of members to be elected (and therefore not more than 5) and must be divided into two sections, one for standing auditors and one for alternate auditors.

On pain of inadmissibility, the slates must: (i) be filed at the registered office no later than the 7th day preceding the date of the Shareholders' Meeting (i.e. 22 April 2025); (ii) contain, also as annexes, information on the identity of the shareholders who submitted them, indicating the percentage of the shareholding held in aggregate (evidenced by a specific statement issued by the intermediary), the professional *curriculum* of each designated person and a declaration by the candidates certifying that there are no grounds for incompatibility or ineligibility, as well as that they meet the requirements laid down by law and by the Articles of Association.

Each shareholder, as well as shareholders belonging to the same group (meaning subsidiaries, parent companies and companies under common control pursuant to Article 2359, paragraph 1, nos. 1 and 2 of the Italian Civil Code), and shareholders who are parties to the same shareholders' agreement, may not submit or contribute to submitting, not even through an intermediary or a trust company, more than one slate. If a shareholder has contributed to submitting more than one slate, the submission of those slates will be invalid if the calculation of the shareholder's holding is decisive for reaching the required threshold.

Slates submitted without complying with the above provisions are considered as not submitted. Each candidate may appear on one slate only, on pain of ineligibility.

The first two candidates on the slate that has obtained the highest number of votes and the first candidate on the slate that has ranked second by number of votes, and that has been submitted by shareholders who are not connected, not even indirectly, with the shareholders who submitted or voted for the slate that obtained the highest number of votes, will be elected standing auditors; that candidate will also be appointed chairman of the board of statutory auditors.

The first alternate candidate on the slate that obtained the highest number of votes and the first alternate candidate on the slate that ranked second by number of votes, and that was submitted by shareholders who are not connected, not even indirectly, with the shareholders who submitted or voted for the slate that obtained the highest number of votes, will be elected alternate auditors.

In the event of a tie between several slates, a run-off vote is held between those slates, and the candidates of the slate obtaining a simple majority of the votes are elected. If only one slate is submitted for the appointment of the members of the Board of Statutory Auditors, the Shareholders' Meeting will vote on it and, only if it obtains the majority required by law for the related resolution, the candidates listed on that slate are elected in progressive order, up to the number of members to be elected.

For the appointment of those statutory auditors who for any reason could not be elected through the procedure provided for in the preceding paragraphs, or if no slates are submitted, the shareholders' meeting resolves by relative majority.

2.2. Determination of the remuneration

Pursuant to Article 2402 of the Italian Civil Code and Article 21.2 of the Articles of Association, you are called upon to determine the remuneration to be paid to the members of the Board of Statutory Auditors.

* * *

In light of the above, the Board of Directors invites those concerned to submit their slates for the renewal of the Board of Statutory Auditors, together with the proposals concerning the determination of the related remuneration. The Shareholders attending the shareholders' meeting will be invited to vote on these proposals.

3. **Proposal to authorise the purchase and disposal of treasury shares, subject to revocation of the previous authorisation granted by the ordinary Shareholders' Meeting on 28 April 2024. Related and consequent resolutions**

Dear Shareholders,

with reference to the third item on the agenda, you have been called to the Shareholders' Meeting, in Ordinary session, to examine and approve the proposal to authorise the purchase and disposal of treasury shares (so-called Buyback).

In accordance with the applicable provisions of law, the Board of Directors deems it appropriate to propose that the Shareholders' Meeting grant an authorisation under the terms set out in this report, subject to revocation of the previous authorisation granted by the ordinary Shareholders' Meeting on 28 April 2024.

3.1. Revocation of the authorisation granted by the Ordinary Shareholders' Meeting on 28 April 2024

The Board of Directors first of all recalls that the Shareholders' Meeting of 28 April 2024 resolved to authorise the Board of Directors to purchase, for a period not exceeding eighteen months from the date of adoption of that resolution, ordinary shares of the Company with no par value, also in one or more tranches and at any time, also on a revolving basis (so-called revolving), up to a maximum number of treasury shares equal to 5% of the outstanding shares, taking into account the ordinary shares of the Company held from time to time both directly by the Company and by subsidiaries and, in any case, if lower, up to the maximum number of shares permitted from time to time by law, for one of the following reasons: (a) use its own shares as an investment for the efficient use of the liquidity generated by the Company's core business; (b) operate on the market, in compliance with the provisions in force *pro tempore*, directly or through intermediaries, to contain abnormal price movements and to regularise the trend of trading and prices, in the event of any distortions linked to excessive volatility or poor trading liquidity; (c) use them to serve current or future compensation and incentive plans based on financial instruments and reserved for the directors and employees of the Company, either through the free granting of purchase options or through the free allocation of shares (so-called stock option and stock grant plans), or to serve variable remuneration policies based on financial instruments; as well as (d) allow the use of treasury shares in the context of transactions connected with the core business or of projects consistent with the strategic guidelines that the Company intends to pursue, in relation to which opportunities for share exchanges arise, with the main objective of then completing corporate integration transactions with potential strategic partners.

As at the date of approval of this Report, in execution of that authorisation the Company has purchased no. 32,981 ordinary shares, representing 0.2076% of the share capital.

The Board of Directors believes that the reasons that led it at the time to request the Shareholders' Meeting's authorisation to purchase and dispose of treasury shares are still to be considered valid.

That being stated, in view of the forthcoming expiry of the resolution authorising the purchase and disposal of treasury shares (28 October 2025) and in order to allow the Company to retain the power to purchase and dispose of treasury shares, the Board of Directors deems it appropriate to propose that the Shareholders' Meeting grant a new authorisation, for a similar period of 18 months, starting from the date of the related resolution, subject to revocation of the previous authorising resolution adopted by the ordinary shareholders' meeting on 28 April 2024.

***

The terms and procedures for the purchase and disposal of the Company's treasury shares, which the Board of Directors submits to you for the purposes of the granting of the related authorisation – by the ordinary Shareholders' Meeting called for 29 April 2025 – are briefly set out below.

3.2. Reasons for which authorisation to purchase and dispose of treasury shares is requested.

The authorisation to purchase and dispose of treasury shares covered by this proposal is requested in order to allow the Company – in compliance with the applicable regulations, including European regulations, and with the accepted market practices in force *pro tempore* – to pursue the following purposes:

a) use its own shares as an investment for the efficient use of the liquidity generated by the Company's core business;

b) operate on the market, in compliance with the provisions in force *pro tempore*, directly or through intermediaries, to contain abnormal price movements and to regularise the trend of trading and prices, in the event of any distortions linked to excessive volatility or poor trading liquidity;

c) use them to serve current or future compensation and incentive plans based on financial instruments and reserved for the directors and employees of the Company, either through the free granting of purchase options or through the free allocation of shares (so-called stock option and stock grant plans), or to serve variable remuneration policies based on financial instruments; as well as

d) allow the use of treasury shares in the context of transactions connected with the core business or of projects consistent with the strategic guidelines that the Company intends to pursue, in relation to which opportunities for share exchanges arise, with the main objective of then completing corporate integration transactions with potential strategic partners.

3.3. Maximum number, class and par value of the shares to which the authorisation refers.

It is proposed that the Shareholders' Meeting authorise the purchase of fully paid-up ordinary shares of the Company, with no par value, in one or more tranches, also on a revolving basis (so-called *revolving*), up to a maximum number of treasury shares equal to 5% of the outstanding shares, taking into account the ordinary shares of the Company held from time to time both directly by Intred and by companies controlled by it.

It is also proposed to authorise the Board of Directors to dispose of the treasury shares held in portfolio, even before the purchases for the purposes referred to in Paragraph 3.2 above have been completed.

In the event of disposal of treasury shares held in portfolio, further purchases may be made until the expiry of the shareholders' authorisation, without prejudice to the quantitative limits laid down by law, also relating to the number of treasury shares that may be held from time to time by the Company or by its subsidiaries, as well as to the conditions established by the Shareholders' Meeting.

3.4. Information useful for a full assessment of compliance with Article 2357, paragraphs 1 and 3 of the Italian Civil Code.

Pursuant to Article 2357, paragraph 3, of the Italian Civil Code, the par value of the treasury shares that the Company may purchase may not exceed one fifth of the share capital, also taking into account for this purpose the shares held by subsidiaries.

The subscribed and paid-up share capital of the Company as at the date of this report is represented by 15,909,400 ordinary shares with no par value. As at today's date, the Company holds 32,981 treasury shares, equal to 0.2076% of the share capital.

Pursuant to Article 2357, paragraph 1, of the Italian Civil Code, treasury shares may be purchased within the limits of the distributable profits and available reserves shown in the latest duly approved financial statements at the time each transaction is carried out. Only fully paid-up shares may be purchased.

It should be noted that the draft financial statements for the year ended 31 December 2024 submitted for the approval of the Shareholders' Meeting called in single call on 29 April 2025 (assuming their approval by the Shareholders' Meeting under the terms proposed by the Board of Directors) show available and freely distributable reserves amounting to Euro 40,977,952.

It is understood that compliance with the conditions required by Article 2357, paragraphs 1 and 3, of the Italian Civil Code for the purchase of treasury shares must be verified at the time of each authorised purchase, also taking into account any further restrictions on availability arising subsequently.

It should be noted that, in the event of purchase, sale, exchange and contribution of treasury shares, the Company, in compliance with the provisions of law and the applicable accounting standards, will make the necessary or appropriate accounting entries.

3.5. Duration of the authorisation.

The Board of Directors proposes that the authorisation to purchase treasury shares be granted for the maximum duration permitted by Article 2357, paragraph 2 of the Italian Civil Code and therefore for a period of 18 (eighteen) months from the date on which the Shareholders' Meeting adopts the corresponding resolution.

Within the duration of any authorisation granted, the Company may carry out repeated and successive purchases and, without time limits, sales (or other acts of disposal) of treasury shares at any time, also on a revolving basis (so-called *revolving*) and also for fractions of the maximum authorised quantity, with the gradualness deemed appropriate in the interest of the Company, in any case so that, at any time, the quantity of shares subject to the proposed purchase and owned by the Company does not exceed the limits laid down by law and by the authorisation of the Shareholders' Meeting and in accordance with the applicable laws and regulations in force from time to time.

The authorisation for sales, disposal and/or use of treasury shares is requested without time limits in order to have maximum flexibility in the absence of regulatory restrictions on the matter.

3.6. Minimum and maximum consideration.

The purchase price of each share of the Company will be determined from time to time, taking into account the method chosen for carrying out the transaction, the trend in the prices of Intred stock and the best interest of the Company, and in compliance with any national and European legal and regulatory requirements (including the requirements of Delegated Regulation (EU) 2016/1052 – the "**Delegated Regulation**") in force on the matter or with the accepted market practices in force *pro tempore*, where the conditions are met and it is decided to make use of them.

The price must comply with the provisions of Article 3, paragraph 2, of the Delegated Regulation as amended from time to time, i.e., as at the date of this report, not higher than the higher of the price of the last independent trade and the highest current independent purchase bid on the trading venue where the purchase is carried out, or comply with the regulations in force from time to time. In any case, purchases must be made at a price per share that is neither lower nor higher by more than 10% than the reference price recorded by the stock in the stock exchange session preceding each individual transaction.

Sales or other acts of disposal or use of treasury shares acquired under the authorisation proposed herein:

a) if carried out in cash, must be made at a price per share to be determined on the basis of the criteria laid down by the applicable regulations and/or the accepted market practices in force from time to time, or which in any case may not deviate downwards by more than 10% from the reference price recorded by the stock in the stock exchange session preceding each individual transaction;

b) if carried out in the context of extraordinary transactions (including exchange, contribution or swap transactions, or transactions serving capital transactions or other corporate and/or financial transactions of an extraordinary nature or financing transactions), must be carried out within the price limits and under the terms and conditions that will be determined by the Board of Directors;

c) if carried out in the context of share incentive plans, must be allocated to the beneficiaries of the plans in force from time to time, in the manner and within the terms indicated in the regulations of those plans.

3.7. Execution of the transactions.

In view of the various purposes that may be pursued through the completion of transactions in treasury shares, the Board of Directors proposes that the authorisation be granted for carrying out purchases of treasury shares in any of the ways permitted by the regulations in force. Excluded in any case from the authorisation requested from the Shareholders' Meeting is the power to carry out purchases of treasury shares through the purchase and sale of derivative instruments traded on regulated markets providing for the physical delivery of the underlying shares, although contemplated by Article 144-*bis*, letter c) of the Issuers' Regulation.

With regard to the sale, disposal and/or use of treasury shares, the Board of Directors proposes that the authorisation allow the adoption of any method deemed appropriate to meet the purposes pursued, to be carried out either directly or through intermediaries, in compliance with the national and European laws and regulations in force on the matter.

The shares serving share incentive plans will be allocated in the manner and within the terms indicated in the regulations of those plans in force from time to time.

It should be noted that, pursuant to the exemption referred to in Article 132, paragraph 3, of the TUF, the above operating procedures do not apply to purchases of treasury shares from employees of the Company, of subsidiaries and of the parent company, which have been allocated to them under a share incentive plan pursuant to Articles 2349 and 2441, paragraph 8, of the Italian Civil Code, or which derive from share-based compensation plans.

Notice of any purchases and disposals of treasury shares will be given in compliance with the applicable disclosure obligations under national and European provisions.

3.8. Information in the event that the purchase is instrumental to the reduction of the capital.

It should be noted that the purchase of treasury shares is not, at present, aimed at reducing the share capital through the cancellation of the treasury shares purchased, without prejudice, however, to the Company's right, should a reduction of the share capital be approved by the Shareholders' Meeting in the future, to implement it also through the cancellation of treasury shares held in portfolio.

In light of the above, the Board of Directors therefore submits for your approval the following:

– PROPOSED RESOLUTION –

"*The Ordinary Shareholders' Meeting of Intred. S.p.A.,*

- *having heard the Chairman's presentation;*
- *having taken note of the explanatory report of the Board of Directors and of the proposals contained therein;*
- *having taken note of the provisions contained in Articles 2357 and 2357-ter of the Italian Civil Code, in Article 132 of Legislative Decree No. 58 of 24 February 1998, in Article 144-bis of the Issuers' Regulation adopted by CONSOB with resolution no. 11971/1999, as subsequently amended, and of the relevant provisions of Regulation (EU) No. 596 of 16 April 2014, as subsequently amended, and of Delegated Regulation (EU) No. 1052 of 8 March 2016;*
- *having examined the financial statements for the year ended 31 December 2024 approved by today's shareholders' meeting;*
- *having established the advisability of revoking the authorisation for transactions to purchase and dispose of treasury shares granted by the Shareholders' Meeting on 28 April 2024, for the reasons set out above;*
- *having established the advisability of granting authorisation for transactions to purchase and dispose of treasury shares, for the purposes and in the manner described above;*

resolves

1. *to revoke the current authorisation to purchase and dispose of treasury shares approved by the shareholders' meeting on 28 April 2024;*
2. *to authorise the Board of Directors, pro tempore in office, to purchase, for a period not exceeding eighteen months from the date of this resolution, ordinary shares of the Company with no par value, also in one or more tranches and at any time, also on a revolving basis (so-called revolving), up to a maximum number of treasury shares equal to 5% of the outstanding shares, taking into account the ordinary shares of the Company held from time to time both directly by the Company and by companies controlled by it, for one or more of the following reasons, in compliance with the applicable laws and regulations, including EU laws and regulations, in force from time to time:*

   (i) *use its own shares as an investment for the efficient use of the liquidity generated by the Company's core business;*

   (ii) *operate on the market, in compliance with the provisions in force pro tempore, directly or through intermediaries, to contain abnormal price movements and to regularise the trend of trading and prices, in the event of any distortions linked to excessive volatility or poor trading liquidity;*

(iii) *use them to serve current and future compensation and incentive plans based on financial instruments and reserved for the directors and employees of the Company, either through the free granting of purchase options or through the free allocation of shares (so-called stock option and stock grant plans), or to serve variable remuneration policies based on financial instruments; as well as*

(iv) *allow the use of treasury shares within transactions connected with the core business or within projects consistent with the strategic guidelines that the Company intends to pursue, in relation to which opportunities for share exchanges arise, with the main objective of then completing corporate integration transactions with potential strategic partners.*

3. *to authorise the purchases referred to in point 1. above to be made:*

(i) *at price conditions complying with the provisions of Article 3, paragraph 2, of Delegated Regulation 2016/1052/EU, i.e., as at today's date, not higher than the higher of the price of the last independent trade and the highest current independent purchase bid on the trading venue where the purchase is carried out, or complying with the regulations in force from time to time. In any case, purchases must be made at a price per share that may not deviate, either downwards or upwards, by more than 10% from the reference price recorded by the stock in the Stock Exchange session preceding each individual transaction;*

(ii) *in any of the ways permitted by the laws and regulations, including EU laws and regulations, in force from time to time, and in particular, at present, by Article 132, paragraph 1, of Legislative Decree No. 58 of 24 February 1998 and by Article 144-bis, paragraph 1, letters a), b), d), d-bis) and d-ter) of the Issuers' Regulation adopted by CONSOB with resolution no. 11971/1999;*

4. *to authorise, pursuant to and for the purposes of Article 2357-ter of the Italian Civil Code, the sale or other act of disposal and/or use, in one or more tranches and at any time, without time limits, of all or part of the treasury shares held in portfolio or purchased pursuant to this resolution, up to the maximum number authorised by it, for all the purposes referred to in point 1 above, it being understood that such transactions:*

(i) *if carried out in cash, must be made at a price per share to be determined on the basis of the criteria laid down by the applicable regulations and/or the accepted market practices in force from time to time, or which in any case may not deviate, downwards, by more than 10% from the reference price recorded by the stock in the stock exchange session preceding each individual transaction;*

(ii) *if carried out in the context of extraordinary transactions (including exchange, contribution or swap transactions, or transactions serving capital transactions or other corporate and/or financial transactions of an extraordinary nature or financing transactions), must be carried out within the price limits and under the terms and conditions that will be determined by the Board of Directors;*

(iii) *if carried out in the context of share incentive plans, must be allocated to the beneficiaries of the plans in force from time to time, in the manner and within the terms indicated in the regulations of those plans;*

5. *to grant the Board of Directors, pro tempore in office, the broadest powers necessary to carry out, also through intermediaries:*

(i) *the purchases for the purposes and within the limits referred to in point 1 above, establishing the purchase method and the criteria for determining the price per share in accordance with the provisions of point 2 above;*

(ii) *the sales or other acts of disposal and/or use to be carried out in cash for the purposes referred to in point 1 above, establishing the method of sale, as well as the criteria for determining the price per share in accordance with the provisions of point 3, roman numeral (i) above, of all or part of the treasury shares held in portfolio or purchased pursuant to this authorisation,*

carrying out all the activities required, necessary, appropriate, instrumental, connected and/or useful for the successful outcome of such transactions and of the authorisations provided for herein, making the necessary accounting entries in the manner and within the limits of the law, and creating the related reserve, providing information to the market and complying with the applicable provisions issued by the competent Authorities in force from time to time;

6. *to grant the Board of Directors pro tempore in office, subject to sub-delegation, the broadest powers necessary to carry out the sales or other acts of disposal and/or use to be carried out pursuant to point 3, roman numerals (ii) and (iii) above, of all or part of the treasury shares purchased pursuant to this authorisation, establishing the criteria for determining the price per share in accordance with the provisions of that point 3, roman numerals (ii) and (iii) respectively and the method of disposal in accordance with the provisions of point 1 above, as well as carrying out all the activities required, necessary, appropriate, instrumental, connected and/or useful for the successful outcome of such transactions and of the authorisations provided for herein, also through attorneys, providing information to the market and complying with the applicable provisions issued by the competent Authorities in force from time to time;*

7. *to grant the Board of Directors pro tempore in office every power, none excluded or excepted, to implement the above resolutions, doing whatever is required, appropriate, instrumental, connected and/or useful for their successful outcome and for that of the authorisations provided for therein*".
